

Values and Code of Conduct

Dance Co-operative Birmingham CIC

Aim/ Purpose: We are a mutually beneficial community that champions each other and our artistic pursuits.

Values:

- We value dancing.
- We value SPACE to dance, think, create, research and support.
- We will support skills development in common interests.
- We value teaching and workshop leading.
- We value cross-artform networking.
- We need access to resources to thrive.
- We value income and employment and good, decent working conditions.

We uphold and map on to these Cooperative values:

There are seven co-operative principles that define how a co-op operates:

1. A co-op is owned and controlled by its members. It exists for the benefit of its members, who may be customers, workers, suppliers or the wider community.
2. A co-op is democratic – this means every member has an equal say in how it's run and how profits are used.
3. Every member contributes financially in some way – from buying products, working for the co-op, investing in it or deciding how to spend its profits.
4. A co-op is an independent business, owned and controlled by its members.
5. It offers education and training to everyone involved, so they can develop the co-op and promote the benefits of co-operation.
6. It co-operates, works with and supports other co-ops.
7. A co-op supports the communities it works with.
